WHY OMAN

Strategically located at the crossroads of **East Africa, the Horn of Africa and Central Asia & Strategic Trade Corridors**, Oman offers world-class infrastructure, a stable business environment and a strong government commitment to become a leading global logistics and trade hub.

A NATURAL GATEWAY

STRATEGIC LOCATION

- At the crossroads of East Africa, the Horn of Africa and Central Asia & Strategic Trade Corridors
- Within an 8-hour flight of one-third of the world's population
- Direct access to high-growth markets across Asia, Africa and the GCC

OUTSIDE THE STRAIT OF HORMUZ

- Offers a secure and reliable alternative route for global shipping and energy transportation

STABLE, BUSINESS FRIENDLY ENVIRONMENT

- Political stability and strong governance
- Investor-friendly policies, free zones and incentives
- Clear commitment to long-term, sustainable economic growth

STRONG GOVERNMENT COMMITMENT

- Vision 2040 prioritises logistics as a key economic sector
- National Logistics Strategy 2040 in place
- Significant public and private investment driving future growth

WORLD-CLASS LOGISTICS INFRASTRUCTURE

3

**DEEP-WATER
COMMERCIAL PORTS**
Sohar • Salalah • Duqm

WHY LINCS

ONE PLATFORM. ENDLESS POSSIBILITIES.

LINCS 2027 (Logistics, Integration, Networks, Corridors & Supply Chain) is a strategic international platform developed in alignment with the Ministry of Transport, Communications and Information Technology, connecting government, trade and investment across Oman and key growth markets including East Africa, the Horn of Africa and Central Asia.

Combining a high-level forum programme, focused exhibition, VIP Majlis, B2B and B2G meetings, signing opportunities and senior-level networking, LINCS positions Oman as a gateway for regional trade, logistics and investment.

As the official event of Oman Logistics Day, LINCS 2027 will bring together government leaders, international delegations, logistics operators, investors and technology providers to recognise industry achievements and create new opportunities for partnership and investment.

EXHIBITION

A dynamic showcase of global solutions, technologies and services across the logistics and supply chain ecosystem.

- Ports & Terminals
- Transport & Freight
- Warehousing & Distribution
- Technology & Innovation
- Free Zones & Industrial Solutions

HIGH-LEVEL FORUM

A world-class program featuring ministers, industry leaders and global experts shaping the future of trade and logistics.

- Ministerial Dialogues
- Industry Leadership Sessions
- Global Keynotes
- Policy & Investment Discussions

SIGNING CEREMONIES

A dedicated platform to formalize agreements, MOUs and partnerships that drive investment and infrastructure development.

C-LEVEL ROUNDTABLE

A strategic dialogue bringing together senior government officials, policymakers, C-suite executives, investors and industry leaders.

TRADE & GOVERNMENT DELEGATIONS

Senior trade and government delegations from priority markets across East Africa, the Horn of Africa and Central Asia & Strategic Trade Corridors.

NETWORKING & KNOWLEDGE EXCHANGE

High-value networking opportunities, site visits, roundtables and industry forums to exchange insights and accelerate collaboration.

STRATEGIC OBJECTIVES

LINCS aims to strengthen Oman's position as a regional logistics hub, attract investment, facilitate international partnerships, showcase national infrastructure projects and support private sector growth.

WHY EXHIBIT?

Exhibitors gain direct access to senior decision-makers, government stakeholders, investors and buyers actively seeking logistics, trade and supply chain solutions. The event provides a platform to launch products, generate leads and build strategic partnerships.

OMAN LOGISTICS DAY ALIGNMENT

LINCS 2027 will align with Oman Logistics Day to create a national logistics week featuring government engagement, international delegations, sector-wide visibility and enhanced momentum leading into the exhibition and forum.
